Champion Theatre

Friday and Saturday, Sept. 16-17

Norma Shearer in "UPSTAGE"

A Great Star in a Thrilling Picture of Life
Back of the Footlights

Never has beautiful Norma Shearer had a greater starring picture than this one about the life of a vaudeville song and dance girl. She had doubled for a girl in a knife throwing act. And then she realized, in a flash of terror that the man was un-
nerved, and the deadly weapon was hurtling straight at his head! A scene to make you gasp, just one of the hundreds of thrills and laughs and tears in this great comedy drama of back stage life. You'll say it's Norma Shearer's finest role!

COMING NEXT WEEK:
Gene Stratton Porter's "Laddie."

Local and General

Mrs. R. C. Crane, of Calgary, was a visitor here over the week-end.

Approval of the improvements on main street were very emphatic after the recent heavy rains. For the first time in years main street was high after a heavy rainfall.

Motor vehicle accidents in the U.S. cost about \$400,000,000 a year, it is estimated. There's an auto accident every 42 seconds, most of them resulting from some form of fatigue.

"Sir," wrote the indignant mother to the schoolmaster, "you mustn't whack my Tommie. He isn't used to it. At home we never hit him except in self-defense."--London Evening News.

The million mark in number of automobiles exported annually from the U.S. will soon be reached, say observers. This year the export is estimated to reach 900,000. The cars go to 90 different countries.

Four ships, arriving within one week at Victoria, brought more than \$20,000,000 worth of silk from the Orient, for trans-shipment to New York. This is the heaviest movement of its kind on record along this coast.

A Liberal convention for the Province of Alberta will be held in Calgary on September 26th, when it is expected some 150 delegates will be present. Hon. J. A. Robb, minister of finance, will be among the speakers for the occasion.

The spread of infantile paralysis in the northern part of this province is causing considerable alarm. While not always fatal by any means, and after-effects of this dread malady are of a character to incite every possible effort to prevent its spread.

Don S. MacDonald, of Coronation, Alberta, harvested his trial plot of six acres of Garnet wheat 85 days from the date of seeding. It looks like a good yield. Mr. MacDonald estimated that the Garnet is at least a week ahead of Marquis as to time required for maturing.

The rain on Friday and Saturday was one of the heaviest of the year, and the water lay in every depression after the rain. Fortunately Sunday came in with a high wind from the southwest which dried the muddy roads up rapidly, and traffic became quite general in the afternoon.

While considerably difficulty was being experienced in cutting some of the heavier fields of wheat, the heavy rains at the week-end have aggravated the situation considerably, putting down a great deal of the heavier grain, and much of this will have to be cut from one way in order to save the grain.

Quite an acute labor shortage developed last week when cutting became general. While this has been alleviated to some extent by the arrival of some men at the latter part of the week, there is still room for a large number of men in this vicinity and reports would indicate the situation is the same at many other points.

General objection is being made to the continuance of long distance flights over the oceans. So many airships have been lost that public opinion is against useless tests of such a dangerous kind being made. Premier King is of the opinion that test flights could be made just as satisfactorily over land, and legislation preventing overseas flights from Canada is likely in the near future.

No cases have been reported in Saskatchewan of infantile paralysis, but Hanley, a town forty miles south of there, reported a single case. Lough-
ed, Alberta, reported that owing to the disease having broken out in neighboring towns, the school board had ordered the Loughed public schools and high school closed until September 19. No cases had been reported in Loughed itself.

Harvest Delayed By Wet Weather

Over the week and the weather was excellent and Monday was one of the finest days this fall. On Tuesday, however, more rain fell, continuing until Wednesday afternoon. Everything was clear on Thursday morning, with appearances indicating fine weather. In Champion there was a white frost on Wednesday night. So heavy was the rainfall that the grain fields were soaked to an extent that will make work with binders difficult until the ground dries somewhat, while it may be two to three days before the combines will be at work. There is a great deal of grain down, particularly green spots. While this will recover to a considerable extent some damage will be done from one way. Estimates of the proportion of the crop cut vary from 35 to 50 per cent. Quite a number of men have been secured in the last week but there is still room for many more in this vicinity.

Picture Show and Dance Wednesday Nights

Mr. Len Davis, while in town Tuesday, completed arrangements with Mr. Campbell to have his Arcadian Orchestra play the full musical score for an extra picture every Wednesday night, beginning next Wednesday night, Sept. 21st, and after the show Mr. Davis has leased the hall for a dance given. So, rain or shine from now on, Champion people can look forward to a real evening's entertainment on Wednesday nights, and Mr. Campbell is now booking the finest screen features obtainable for this extra night.

BORN--On Saturday, September 10th, to Mr. and Mrs. Ted Ashmore, a daughter.

Preparations for threshing are going on apace in every direction, although to the layman it looks as though there was a large amount of harvesting to be done before threshing would be the order of the day. It is wonderful, however, how quickly even fields of tangled grain can be cut and the stocks dry enough to thresh.

The town council has determined on the re-building of the curing rink, which was wrecked by the now memorable Vulcan cyclone. Tenders will be taken on the work, which is likely to proceed with speed. It is understood that in some respects the new curing rink will be even more substantial than the former building--Vulcan Advocate.

Thousands of caribou were packed in a canyon through which the Alaska railroad runs recently. Telegraph wires were torn down and traffic completely tied up. The first part of the immense herd swept out telegraph wires and demolished the supporting tripods. Linemen, who were sent to repair the damage, were forced to flee for their lives as the successive waves of frantic animals stampeded through the passage.

Supt. Fairfield of the Lethbridge Experimental Farm, in reply to a question from a farmer as to "how green can wheat be cut with safety?" said: "A good rule of thumb is to pay little attention to the color of the straw. If a farmer examines the kernel of wheat he will find that it develops upwards. As soon as the tip end of the kernel is fully rounded out the grain can be cut. This rounding out usually occurs by the time the wheat is in the soft dough. Wheat cut then, and well stocked, will make a good grade of grain provided the weather following is not too wet."

Money Saved is Money Earned

You can save by bringing your next order to this store.

Pink Salmon, talls, 6 for.....	\$1.00
Carnation Milk, per case of 48 tins.....	6.95
20 Lb. sack Sugar (the sugar market is strong).....	1.60

Do You Take The Chronicle

The Chronicle is making an effort this fall to secure every farmer who comes to Champion for any purpose during the year on the permanent subscription list. We would not only like to secure subscriptions beyond the exact borders of our own territory but would like to see other local papers taken in this territory as well as our own. Isolation of any kind is not favorable to growth and the small amount necessary to keep in touch with what is going on in your own and adjacent districts is bound to be money well spent. Dozens of people made more in one transaction with The Chronicle at a cost of fifty cents than the paper cost them in ten years. A district which grows over a million of bushels of wheat a year should afford means to run a better paper than The Chronicle and we are anxious to bring the paper up to a standard to conform to the higher standard that may be expected in every line of business endeavor. Will you help us?

Local and General

Mrs. F. C. Alecock is engaged in visiting the different branches of the Women's Institute in her district.

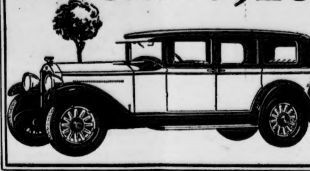

Residents here will be pleased to learn that Len Davis, of the Arcadian orchestra is opening a music class in Champion. Note his advertisement in this issue.

The Conservative candidate was elected in the North Huron by-election by a majority of 290, the progressive making a bad third. The riding was formerly progressive by a large majority.

MISS RUBY GRAHAM

Teacher of Piano forte wishes to announce the opening of a class in Champion at the home of Mrs. G. M. Campbell, Phone 76.
Anyone desiring of enrolling kindly communicate with her any Saturday at the above address.

McLAUGHLIN-BUICK for 1928

Now—the standard for the year is set

EACH year the burning question among those who follow closely the changing trends of motordom is "What Will McLaughlin-Buick Do?" Now McLaughlin-Buick for 1928 is here. The all-important question is answered.

McLaughlin-Buick for 1928 introduces a higher standard of beauty and luxury than the world has ever known. McLaughlin-Buick's new Fisher Bodies are low-slung without any loss of head-room or road-clearance.

Brilliant refinements in the famous McLaughlin-Buick six-cylinder Valve-in-Head engine result in a new-quick getaway, effortless speed and a mighty flow of power, **VIBRATIONLESS BEYOND BELIEF.**

And down to the smallest detail of construction, never before refinement could be made. McLaughlin-Buick has made them. Now—the standard for the year is set.

When Better Automobiles Are Built—McLaughlin-Buick Will Build Them

The advent of the Calgary Power Co. leaves a nice electric plant available for some lucky person or corporation from the skating and curling rink. This outfit could be used to supply light and power to two or three farms.

Word from J. D. McDougall is to the effect that he is making splendid progress towards recovery, and that no complications to interfere with continuing progress are feared.

L. J. Smith failed to realize how thoroughly the ground was soaked to unknown depths until Tuesday, when one of his coal trucks almost disappeared from sight on Palm avenue, while another tried to hide itself on the main street. He knows now.

Here's Good Advice

If you don't feel just right,
If you can't sleep at night,
If you sneeze and sigh,
If your throat is dry,
If you can't smoke or chew,
If your grub tastes like glue,
If your heart doesn't beat,
If you've got cold feet,
If your head's in a whirl,
For heaven's sake—Marry the Girl.

Wheat Pool Notes

The E. P. ranch, owned by H. R. H. the Prince of Wales, has been signed to a Wheat Pool contract. The ranch contains a section of land and is located near High River, Alberta. The Prince was a recent visitor at his ranch and while there instructed his manager, W. L. Carlyle, to have the acreage placed under a Pool contract.

The Alberta Wheat Pool is not operating a coarse grain pool this year. Blank coarse grain contracts have been sent out and if a sufficient acreage is signed a coarse grain pool will be operated next year.

By the time the bulk of the wheat is moving in Alberta this fall, the Alberta Wheat Pool will have 155 line elevators completed and in operation.

Yukuti Shirazi, of the Japanese firm of Mitsubishi Shoji Kaisha Ltd., importers and exporters, of Seattle, Wash., was a visitor at the Alberta Wheat Pool office on Saturday morning. He evinced a great deal of interest in the organization.

The first sample of this year's wheat to reach the Alberta Pool office was from the crop of C. Lindsay, of Strathmore. This wheat is an excellent No. 1 Northern and weighed 66 lbs. to the bushel. Mr. Lindsay has 80 acres of wheat which has been cut but has yet to be threshed. The sample was hand-threshed. Mr. Lindsay is a member of the Alberta Wheat Pool.

WORLD HAPPENINGS
BRIEFLY TOLD

Seeing New York by air is cheaper than by rail. The same route covered by an airplane at a cost of \$4 will run up a total bill of \$4.16.

Wayne B. Wheeler, general counsel of the anti-slavery league of America, died at Baltimore Creek sanatorium recently due to a heart attack.

Immigration to Canada for the month of July, 1927, totaled 12,285, made up of 5,132 from the British Isles, 2,101 from the United States and 5,052 from other countries.

Brast Vorkoster, who won the Canadian National Exhibition marathon relay is now planning a similar tour, after which he will likely enter motion pictures.

The purchase of 16 quarter section land, involving \$4,225, was the result of the visit of a party of land-reckers from Nebraska and Kansas to the Eaton, Tynes Valley and Ship Lake districts in Saskatchewan recently.

Communal rioting at Nagpur, capital of the central provinces, British India, resulting in the death of 32 persons, is reported by Bombay correspondent of The Exchange Telegraph. Many families are leaving the city, fearing renewal of the trouble.

Commander Richard R. Byrd states that he has planned to leave New York next August on his South Pole expedition and that they, Bennett, who accompanied him on his flight to the North Pole, would be second in command of the party.

The Aero Club, of London, after hearing Gen. Cullis, French aviator, who recently claimed to have made an ascent of 12,000 meters (12,650 feet), decided to suspend the contest to register his record of August 25, and to disqualify Cullis for life.

M. Brind, foreign minister, acting as president of the conference of ambassadors, has formally notified M. Stresemann, Germany, that the allied army of occupation in the Rhineland will be reduced from 75,000 to 30,000 men. Details of the reductions will be announced later.

The death occurred at Montreal after a long illness of Samuel L. Kidd, late editor of The Montreal Gazette. Mr. Kidd joined the staff of the paper in 1871 as a compositor and before being promoted to the position of editor, filled almost every kind of office in the newspaper. He retired from the editor's post last year owing to failing health.

Fatal Automobile

Accidents in Canada

Over Six Hundred Persons Were Killed During 1926

The Dominion Bureau of Statistics issued a special report on deaths from automobile accidents in the various Provinces of Canada during the year 1926. Under this title are included the accidents in which persons are involved in collision with other vehicles, such as horse-drawn vehicles, street cars and trams.

In the nine provinces of Canada deaths from automobile accidents totaled 606 for the year 1926, made up as follows: Prince Edward Island, 1; Nova Scotia, 25; New Brunswick, 11; Quebec, 13; Ontario, 242; Manitoba, 27; Saskatchewan, 21; Alberta, 33; and British Columbia, 66. For the whole country the death rate from this cause was 6.5 per 100,000 of population, the individual provinces giving the following rates: Prince Edward Island, 11; Nova Scotia, 6.2; New Brunswick, 2.7; Quebec, 7.1; Ontario, 3.7; Manitoba, 4.2; Saskatchewan, 2.6; Alberta, 5.4; and British Columbia, 10.6.

In the nine provinces 145 of the deaths due to automobile accidents, or 23 per cent. of the total, were males; deaths of females numbered 161, or 27 per cent. of the total. Children under 15 years of age contributed 156 deaths, or 21 per cent. of the total. In this age group there were 122 male and 65 female deaths, a proportion of 16 to 24 in the mortality of the two sexes.

Supports Bay Route

Entire support for the opening of the Hudson Bay route is given by the St. John Telegraph-Journal, one of the most influential newspapers of the Maritime provinces. "In fairness to the west," it says, "attempts to discredit the Bay route should cease. The plan is going through. It should be expedited, let us hope that the results will fully meet the expectations of Manitoba and Saskatchewan. They have made a notable fight for what they believed to be their due, and the rest of the country should wish them all good luck."

A fool and his father's money are easily parted.

W. N. U. 1927

New Wireless Stations

Prospect of Improving Communication Between England and the Dominions

In addition to the beam wireless stations between England and the United States, which are almost ready to begin operation, new stations are being built for service between England and South Africa, and between Canada and Australia. The erection of the Indian beam stations completes the contract of the Marconi Company for wireless telegraph communication for the British Government, but by no means completes the immediate prospect of improving communication between England and the Dominions. Marconi officials say the experiments have proved the possibility of carrying on a wireless telephone conversation by means of the beam station simultaneously with the operation of high speed wireless telegraph service. They declare it will be possible before the end of next year for telephone subscribers in England to call up subscribers in any of the Dominions.

Canada's Mineral Resources

Sir Robert Borden Says Dominion Offers Great Field For Development

Sir Robert Borden, who has returned from a tour of Canada, where he attended the Mining and Metallurgical Congress of the British Empire, spoke with confidence of the future of the Dominion, especially in relation to her vast mineral resources. He said it was fitting that the metallurgical conference should meet in Canada, because the mineral resources of Canada offered the greatest prospect of lucrative development of any in the world.

He continued: "They have only just scratched the mining areas of the Dominion up to now. There is a vast territory of the Dominion yet to be explored for prospective minerals in Canada which can be witnessed nowhere else."

Make Glee From Fish Scales

Fish glee prepared from scales by natives of the Congo region in Africa, is used for waterproofing their clothes as well as canvas. Popular Mechanics magazine says. The natives prepare the glee by mixing the scales of fish with resin of various plants and boiling the mixture. The materials to be waterproofed are then dipped in this glee and allowed to dry.

Goes To Argentina

W. J. JACKMAN

W. J. Jackson, of Clover Bar, Alberta, is now on his way to Buenos Aires, Argentina, where he will make his headquarters as representative of the Canadian Wheat Pool for South America.

Mr. Jackson has been on the board of directors for the Alberta Wheat Pool since the formation of that organization. He has resided in Alberta for over 22 years, coming to the old country to farm. During his residence in Alberta, he has always taken an active interest in farmers' organizations. His intimate knowledge of pool operations, his organizing and business ability, and his knowledge of the Spanish language equip Mr. Jackson to be a splendid representative of the Canadian Wheat Pool in South America.

Heat Stored Underground

Man Should Bore Holes In Earth To Obtain Heat Supply

Man should bore holes to get heat from the interior of the earth instead of destroying a highly valuable substance like coal, the British Association of Science was told by J. L. Hodgson, mechanical engineer. He declared that, heat stored in the earth's interior, the earth is at least 3,000,000 times that available in the world's coal reserve. But rocks are not so easy to dig. They are 20 miles below the surface and much nearer in volcanic areas.

The speaker said he advocated drilling shafts five miles apart. Workers boring the holes would be protected by heat proof suits, including fluid air containers to supply cool dry air.

The lecturer estimated that a cubic mile of hot rock would yield as much heat as burning 200,000,000 tons of coal.

"I only wish," said the lecturer, "expressed by the naughtiness of one of my small pupils," that I could be your mother for a week."

"All right," replied the youngster, coolly. "I'll speak to father about it."

Teacher during history lesson: "What are the names that have dominated England since the invasion of the Romans?"

The pupil: "The Darks and the Grand National males."

Diamonds can be identified by means of ultra-violet rays, under which the stones give off various colors which can be photographed.

"Oh, George, I've been stung by a bee. What shall I do."

"Put some ammonia on it," the little girl said.

"What are the names that have dominated England since the invasion of the Romans?"

The pupil: "The Darks and the Grand National males."

Supplies Germs For Experimental Purpose

Work At Lister Institute in London Is Interesting

There is always a steady demand, from laboratories and hospitals in all parts of the world, for germs—groups of every known description and variety, for experimental purposes.

Because of this, there is maintained at the Lister Institute, London, which is known as the National Collection of Type Cultures. Here a large and expert staff is kept busy feeding, rearing and bottling bacteria.

Devotional Reading: Proverbs 1:2-6.

Explanations and Comments

1. The Request of the People, (verses 1-5). Rehoboam, Solomon's successor, went to Shechem and there the people, through Jeroboam the son of Nebat asked for a reduction of yoke grievance, they said.

2. The People had been heavily taxed by Solomon, and forced labor had been required. Recall Solomon's 1 Kings 12:22-26: 5,171, to see how Rehoboam's extravagant court and his numerous buildings must have impoverished the people. "Now therefore make these the grievous axles of the yoke of your father, and his heavy yoke which he put upon us, heavier, and we will serve thee," this was the condition on which the Northern Tribes offered to stay loyal to the house of David.

3. Rehoboam's first mistake was in making the yoke of any one of his own household should have told him that he had no power to make such a decision. He should have asked them to go and consult others about a plain duty.

4. The King's Good Counselors, (verses 6-15). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

5. The King's Good Counselors, (verses 16-24). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

6. The King's Good Counselors, (verses 25-32). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

7. The King's Good Counselors, (verses 33-40). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

8. The King's Good Counselors, (verses 41-48). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

9. The King's Good Counselors, (verses 49-56). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

10. The King's Good Counselors, (verses 57-64). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

11. The King's Good Counselors, (verses 65-72). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

12. The King's Good Counselors, (verses 73-80). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

13. The King's Good Counselors, (verses 81-88). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

14. The King's Good Counselors, (verses 89-96). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

15. The King's Good Counselors, (verses 97-104). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

16. The King's Good Counselors, (verses 105-112). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

17. The King's Good Counselors, (verses 113-120). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

18. The King's Good Counselors, (verses 121-128). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

19. The King's Good Counselors, (verses 129-136). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

20. The King's Good Counselors, (verses 137-144). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

21. The King's Good Counselors, (verses 145-152). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

22. The King's Good Counselors, (verses 153-160). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

23. The King's Good Counselors, (verses 161-168). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

24. The King's Good Counselors, (verses 169-176). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

25. The King's Good Counselors, (verses 177-184). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

26. The King's Good Counselors, (verses 185-192). "What shall I answer the people?" Rehoboam asked of the men of wisdom, the elders of the tribe of Judah who had been in Solomon's service. "If you will yield to the people, the Lord will be with you," they replied, "and you will get your will and keep the people." But Rehoboam said: "Long live the King!" It is always a good idea to consult others about a plain duty.

WOULD STOP ALL FLIGHTS ACROSS ATLANTIC OCEAN

Ottawa.—Parliament may be asked to pass legislation at the next session to stop trans-Atlantic flying to and from the Dominion. This is the intention made by Premier King in referring to recent requests made to the Government to prevent air flights from Canada across the Atlantic Ocean.

The Prime Minister stated that the Government was at present powerless to stop trans-Atlantic flights from this country. The Lloyd Windsor, the last Canadian plane to attempt to reach England, remarked Premier King, was now under of Canada in any way.

The Government, informed the Prime Minister, was of the belief that the people of this country were in the process of the view that these hazardous air flights should discontinue. It was hoped that public opinion against these flights might have the effect of deterring men of wealth from financing attempts to cross the Atlantic.

"There is room overland for experimental flying," commented Mr. King.

Inter-Provincial Conference

Closing Date Has Been Set For November Third

Ottawa.—November 3 has been definitely set as the date for the opening of the inter-provincial conference, Premier W. L. Mackenzie King announced at the conclusion of a meeting of the cabinet.

Expectations are that the meeting will extend over a week or two days. The agenda for the conference, said the Prime Minister, was under consideration.

All the provinces had made their recommendations in respect to the subjects which might be discussed while the various federal departments had submitted their proposals.

As soon as the agenda had been finally prepared, indicated Premier King, copies would be forwarded to each of the provinces.

Pioneer Of West Dead

Captain Bruce Briggs, Brought Early Settlers Into Dominion

Winnipeg.—Capt. Bruce Briggs, one of the most picturesque figures of the Red River settlement frontier days, is dead in Seattle, Wash.

Capt. Briggs was one of the pioneers connected with the fur and fur transportation system between the Northwestern States and Canada, bringing many settlers into the Dominion previous to the completion of the first transcontinental railway line. He was 73 years of age.

Two Killed In Collision

Calgary.—Two trainmen were killed, one passenger injured, and more than a score suffering from lacerations and shock, when a C.P.R. passenger train struck No. 1 and second No. 2, the Imperial Hotel, met in a head-on collision at Balmain, 45 miles east of Calgary, on the main line.

Would Extend Organization

Ottawa.—Discussion of a concerted effort just now getting under way to incorporate all employees of the different branches of the postal service clerks, railway mail carriers, porters, letter-carriers and all others into one body followed the third annual convention of the Dominion Postal Clerks of Ontario, held here.

Jessie Boye Douglas Fir

Montreal.—Word from Kingston, Jamaica, points out that the latest Government returns show the island to be a large part of Canada's Douglas fir. There was an increase of one hundred per cent in Canadian imports in the year and practically all lumber imported was sent from Canada.

Predict Early Winter

Loveland, Colo.—Two flocks of wild geese have been seen flying south in the winter. The early appearance of the birds, which usually do not migrate until fall, has led to predictions of an early and severe winter. Sportsmen fear the geese will be gone before the hunting season opens.

Cabinet Minister Attacked

Ottawa.—An attempt on the life of Mr. Me. Spence, Judge-Secretary of the Dominion, is reported to have been made by a person fired four shots at the minister. Dr. Spence escaped unhurt. His secretary was seriously wounded.

More Grain Through Vancouver Port

Reduction In Rate From Calgary Will Increase Shipments

Vancouver.—The recent order of the Dominion Railway Board reducing to 20 cents the rate on an export grain from Calgary to the Pacific coast means that the movement of grain through Vancouver this year will jump to 75,000,000 bushels, said G. G. McGee, addressing the Vancouver South Pacific Railway Executive.

"The order is a guarantee of that, if it is carried out," said the freight manager of the Provincial Government. "And," he added, "that means Vancouver will become one of the greatest grain ports in the world, third or fourth."

British Columbia still had a complaint, however, he asserted, pointing out that the rate on the 588 miles haul to Quebec City had been placed at 18 cents, while that for the 612 miles haul to Vancouver was 20 cents.

"We don't expect the rate to Quebec City," Mr. McGee explained. "We don't care how low it has to be to help Quebec to get the business opportunity in future, but Vancouver wants the same treatment. Vancouver is just as much in competition with New York as is Quebec."

Trying To Adjust Immigration Rules

Change Would Simplify Problem Of Canadians Working In Border Cities

Toronto.—The Toronto Mail and Empire publishes the following description of the problem in Vancouver: "A new program of amendments to immigration and naturalization laws is being worked out by experts in the Labor Department in anticipation of action upon that subject in the next Congress."

Secretary of Labor, Davis, returning today from an inspection of border operations, outlined his plans to his assistants and announced that he intended to amend the laws in such a way as to be a much stricter basis.

"Changes in the law to be proposed include: Revision of existing laws so as to amend set present difficulties with Canada and permit Canadian citizens to work in American border cities, such as Detroit and Buffalo without undue hardship."

Fire Prevention Week

— Begins October Ninth

Proclamation Continued In Extra Edition Of Canada Gazette

Ottawa.—An extra edition of the Canada Gazette contains a proclamation appointing the week commencing October 9 "fire prevention week" and the Labor Department is endeavoring to inspect their premises. Fire drills are called for in schools and institutions. Fire Scout leaders are asked to give special instruction, teachers and municipal officials are asked to give training in fire prevention in the school and publicity is asked for legislation and regulations pertaining to the question.

The preamble to the proclamation states that the average annual loss of insurable property exceeds \$40,000,000 and that 300 persons annually lose their lives as a result of fires.

Leave For Hudson Bay

Montreal.—Following upon the departure of the Canadian government merchant, marine steamer, Canadian Raider, for Hudson Bay, via Sydney, N.S., where a cargo of road was being loaded, the department of railways and canals has designated the new going trip, Ocean Eagle, to Hudson Bay. The trip was formerly the St. Lawrence of the Hudson Bay Company. It is not known how long the Ocean Eagle will remain at Port Churchill.

John Oliver's Will

Vancouver.—Probate was granted in superior court by Mr. Justice Gordon of the late President John Oliver's will, in a four-page document executed July 15 last and signed John Oliver. The residue after payment of a gross estate of \$75,719, which is subject to liabilities of \$219, so that the net valuation is \$75,500. Mr. Oliver died August 17 at Victoria. The widow, five sons and three daughters are the sole beneficiaries.

Starts Aerial Mail Service

Montreal.—Canada's first attempt to start an aerial mail service was made September 7, when Major T. D. Hughes, of the Canadian Air Force, took off from the Canadian Victoria Aerodrome at Malabarville aboard a biplane for the Pacific coast.

Where he made arrangements to take mail to the Empress of France when the liner was in the St. Lawrence waterway.

STRONGER URGE FOR REDUCTION IN ARMAMENTS

General.—That competitive armaments create an atmosphere of war and that reduction of armaments must be dogmatically fought for and achieved was the unanimous feeling of the address at the League of Nations assembly.

The Japanese delegate, Mutsuhiko Adachi, said Japan ardently desired that reduction of armaments should be brought to a standstill and lowered to a level strictly essential to national security.

He pledged his country's co-operation with the League's preparatory disarmament commission, which another speaker, Erik Linder, Swedish Minister of Sweden, insisted was useless to involve any before the great military powers had agreed to the principles of which had appeared at previous meetings of the commission.

Mr. Linder criticized the council of the League for its passive attitude on political problems in the past year, holding, he said, the League very between Italy and Japan-Slavia, and showed no fear of the great powers when he announced the practice of certain members of the League in discussing burning political questions among themselves.

After declaring the old pre-war methods were still in vogue, Felix Clément, Foreign Minister of Latvia, warned the assembly that the military budgets of 1935, including navy and air forces, amounted in Europe to one billion and a half dollars, about the same as in 1915, and that the aggregate number of soldiers, more than three million, was only slightly less than the figure for 1915.

Moreover, he remarked, the technical equipment of armies was far more developed than before the great war.

"We are living under the conditions of armed peace which prevailed before the war," he declared, "and under a system of competitive armaments which many of us believe will sooner or later lead to the world war."

Might Be Message From Distressed Plane

Carrier Pigeon Found Near Mission City Bearing SOS Message

Missouri City, Ill.—Bearing the letters SOS and the figures 4022 on a metal band from his leg, a carrier pigeon, which is thought, may have been freed from a distressed plane or ship, is at the ranch of E. Erickson, farmer, in Ing at Silver Hill, seven miles from here.

The bird, and another carrier pigeon, alighted at the ranch in an exhausted condition and were taken to the house where they had found a considerable distance. One of the pigeons flew away again.

Will Of J. Ogden Armour

Left An Estate Valued At One Million Dollars

Chicago.—The will of J. Ogden Armour, who once was worth an estimated \$20,000,000, was filed for probate and signed of an indicated estate of \$1,000,000.

The will left \$100,000 outright to his daughter, Mrs. Mrs. John J. Mitchell, Jr., and an annuity of \$12,000 to her husband.

The remainder of the estate, except for a few minor bequests of from \$1,000 to \$5,000 to servants, was left in trust for the benefit of the widow and her daughter.

Against Communist Party

Haltstadt, Germany.—The 12th German League, which is holding a convention here, has adopted resolutions, demanding the dissolution of the communist party and the suppression of its organs. The league represents the industrial extremists.

Return From Visit To England

Hon. J. E. Brownlee, premier of Alberta, who came back on the Regina, after a visit to England, is shown in the photo taken on the White Star liner, which he returned, Mr. J. E. Brownlee is shown on the left.

Wins Prize For Coinage Design

Artist, who won the \$1,000 prize in the Dominion-wide competition for the best design for Canada's new nickel and quarters. The new coins will mark the Diamond Jubilee of Confederation.

J. E. H. MacDonald, Ontario artist, who won the \$1,000 prize in the Dominion-wide competition for the best design for Canada's new nickel and quarters. The new coins will mark the Diamond Jubilee of Confederation.

Stripped Of Aviation Honors

French Flier, Charged With Falsifying Report Of Airplane Record

Paris.—Jean Collet, who gained fame as an airplane flier, was stripped of his aviation honors for falsifying his record.

The sports committee of the French Aero Club after a hearing on the charges that he falsified his record, decided that he was guilty of falsifying his record.

The committee decided that he was guilty of falsifying his record, and that he was stripped of his aviation honors.

The committee decided that he was guilty of falsifying his record, and that he was stripped of his aviation honors.

The committee decided that he was guilty of falsifying his record, and that he was stripped of his aviation honors.

Germany Affected By Polish Tariff

Hit Harder Than Other Countries By New Ruling

Warsaw.—Customs tariffs, which are being raised by 100 per cent, effective in four months, to all countries not protected by trade treaty with Poland, are affecting the Polish market.

The ruling will hit hardest Poland's western neighbor, Germany, with whom negotiations for a commercial treaty have been in progress for some time.

DOMINION HAS DEVELOPED A MARKED IDENTITY

There can be no question of the existence of distinguishing characteristics which give to Canada a marked identity of her own making.

The Dominion has developed a marked identity of her own making, and this identity is marked by the fact that she is a nation of the future.

The Dominion has developed a marked identity of her own making, and this identity is marked by the fact that she is a nation of the future.

Proposed Network Of Airways

London.—A network of internal airways throughout England may come into being in the near future with a view to the feeding of air routes to the continent. The Imperial Airways have drawn up a scheme whereby passengers from the port to the continent travel by air the whole way. It is also claimed that internal lines will be valuable for the re-arming of troops.

Lowest Birth and Death Rate

London.—The lowest birth rate ever recorded in England and Wales, except in war time, is shown by the report of the General Registrar, chief civil servant, who said that the birth rate for 1926, 1927, was 69,000 births and 15,000 deaths. The latter was the lowest ever recorded.

The 1926 report shows a slight increase in the birth rate, but the death rate was still the lowest ever recorded.

Canadian Heads Committee

Ottawa.—Hon. Randal Macdonald, Canadian Minister, has been appointed chairman of one of the committees appointed by the Assembly of the League of Nations, to study the question of the League of Nations.

The committee will study the question of the League of Nations, and will report to the Assembly of the League of Nations.

N.B. Under Linger Law

St. John, N.B.—The liquor act, 1927, is in effect and the liquor act, 1927, is in effect and the liquor act, 1927, is in effect.

The liquor act, 1927, is in effect and the liquor act, 1927, is in effect and the liquor act, 1927, is in effect.

Stripped Of Aviation Honors

French Flier, Charged With Falsifying Report Of Airplane Record

Paris.—Jean Collet, who gained fame as an airplane flier, was stripped of his aviation honors for falsifying his record.

The sports committee of the French Aero Club after a hearing on the charges that he falsified his record, decided that he was guilty of falsifying his record.

French Grateful For British Sympathy

Have Presented "Golden Book" To Chamberlain In Appreciation

Paris.—For months French artists and statesmen have been preparing a "golden book" which has been given by Foreign Minister Briand and other government officials to Sir Austen Chamberlain and Chamberlain respectively.

The Minister of Foreign Affairs, said, "The book contains views of the most interesting sites in France and the colonies and is accompanied by outstanding French statesmen, soldiers and diplomats."

Demands Repeal Of Trades Union Act

Alternative Set By Congress In Recognition Of Baldwin Government

Edinburgh.—The Trades Union Congress, in session here, replying to the British government's appeal for industrial peace, carried by general agreement a resolution demanding the immediate repeal of the Trades Union Act.

The resolution emphasized that workers were desirous for industrial peace, but that, however, that peace was impossible so long as the Trades Union Act was in force.

The resolution emphasized that workers were desirous for industrial peace, but that, however, that peace was impossible so long as the Trades Union Act was in force.

Eskimos Suffer From White Man's Diseases

Contact Is Slowly Changing Their Character Says Dr. Giesing

Toronto.—The Eskimos are not yet racially pure, according to Dr. G. Giesing, a physician, according to Dr. G. Giesing, a physician, according to Dr. G. Giesing, a physician.

Abandon Search For Fliers

Hope Of Finding Trace Of Missing Dole Aviator Has Vanished

San Diego, Cal.—The long hope that searching American war craft would find some trace of the seven missing Hawaiian fliers apparently vanished as the result of a search by the U.S. Navy.

The search by the U.S. Navy, which was abandoned, was a search for the missing fliers.

Germany Affected By Polish Tariff

Hit Harder Than Other Countries By New Ruling

Warsaw.—Customs tariffs, which are being raised by 100 per cent, effective in four months, to all countries not protected by trade treaty with Poland, are affecting the Polish market.

The ruling will hit hardest Poland's western neighbor, Germany, with whom negotiations for a commercial treaty have been in progress for some time.

Notice to Advertisers

In future all copy for change of advertisements must be in this office by six o'clock on Wednesday night, or the previous week's advertisement will be run. Notice of any change of space occupied must be received by Tuesday night to insure such change being made. New advertisements will be taken as late as possible on Thursday morning. Positively no exceptions will be made.

There is no intention of embarrassing advertisers by this decision, but copy has been reaching this office in a way to make it impossible to issue on the proper date. If a later date of issue is desired by the majority of advertisers the date of issue could be changed, but so long as Thursday is the date of publication copy must reach this office at the times named.

The little daughter recently born to Mr. and Mrs. Leon Campbell, whose birth is recorded in this issue, has a somewhat unusual distinction in that the youngest of our Vulcan citizens possesses a great-great-grandfather. This gentleman is Mr. James John, one time a resident at Champion and now a citizen at Palace City, Washington. This is quite remarkable--Vulcan Advocate.

The number of trucks in use in this vicinity will be practically trebled this year, and there was a considerable number in use here. Year by year the horse is being replaced by motor power. One dealer alone has disposed of over forty trucks this season.

The officer of the law picked his way through the rapidly growing crowd and picked up the slightly battered victim of a passing motorist. He pulled out his notebook and grabbing the poor man's arm, said gruffly, "You say you didn't see the license number, but could you swear to the driver?"

FRANK LEONG, Prop'r.

For Sale--A second hand touring Ford car in good running order. Cheap for cash, to be seen at the farm 8 miles east of Champion. Apply to Mrs. Theriault.

The bleeding one spattered forth a few teeth and replied solemnly, "I did; but I don't think he heard me."--Virginia Reel.

A fool there was and he saved his socks, even as you and I; but he took them out of the old strong box when a salesman called with some wild-cat stocks, and the fool was stripped to his shirt and socks, even as you and I.
